# TWO GERMAN SPIES FACE DEATH

## HARRY THAW SANITY TRIAL COMES TO ITS END

### THAW DECLARED BY JURORS TO BE SANE; IS STILL HELD

NEW YORK, July 14.—The jury found Harry Thaw sane after being out half an hour. Thaw is jubilant and received congratulations. The state has announced an appeal. Justice Hendricks is expected to announce his decision tomorrow. The jury's finding is not final if Hendricks rules otherwise, Hendricks having power to overrule the jury. If Hendricks agrees with the jury, Thaw will still be held pending the state's appeal. Thaw's counsel asked bail and Hendricks said he would decide the bail question at 11 o'clock tomorrow.

NEW YORK, July 14.—With a verdict expected late this afternoon, counsel for the defense and prosecution are now in the middle of their arguments before the jury which is to decide the question of the sanity of Harry K. Thaw.

Deputy Attorney General Cook, who opened for the state, devoted the main portion of his argument to scoring Thaw unmercifully.

Among other things, he said to the jury:

"You are confronted with the problem of deciding whether Harry Thaw, who shows traces of hereditary insanity, is sane or insane.

"In reaching this decision, I want you to remember your duties as husbands and fathers."

He went on to sketch Harry Thaw's life with Evelyn Nesbit, and described the shooting of Stanford White.

He closed with the direct charge that Thaw was hiding behind Evelyn's skirts and demanded that the jury return Thaw to Matteawan.

Defense Counsel Stanchfield replied. He reminded the jury that Thaw was not sent to Matteawan originally as a punishment for the killing of Stanford White.

Among other things he said was: "When Evelyn fell into the hands of Stanford White, she was a mere slip of a girl with her hair hanging down her back in braids."

Stanchfield dwelt at length on Thaw's emotional nature, and claimed that Evelyn's story of her treatment at the hands of White roused him to the shooting point.

### SHRINERS AT SEATTLE VIEW LIBERTY BELL

SEATTLE, July 14.—The Liberty bell arrived today and huge crowds of visiting Shriners welcomed it. The mayor and city officials and war veterans paraded. The bell was exhibited for four hours.

### 11,000 PANTS MAKERS OPEN GREAT STRIKE

NEW YORK, July 14.—Eleven thousand knee-pantsmakers and vest-makers have joined the pantsmakers' strike. Twenty thousand garment workers are out. The employers' committee is not willing to make concessions on the wage increase demanded.

### 2 FAT STATE PLUMS TO FALL BY AUG. 8

SACRAMENTO, July 14.—There's a big scramble for two big state plums that will fall by August 8. It was stated by the board of control that more than fifty persons have applied for the jobs of state purchasing agent and assistant purchasing agent, positions created by the legislature. The purchasing agent will receive a salary of \$4000 a year and the assistant \$3000.

## UNITED STATES TO RECOGNIZE CARRANZA HEAD OF MEXICAN PROVISIONAL GOVERNMENT, REPORT

WASHINGTON, July 14.—Despite General Villa's new efforts, it is evident today that General Carranza will be recognized by the American government as the head of the Mexican provisional administration.

AMERICAN MANUFACTURERS who want future contracts for the supply of war munitions to the British government must see the newly-arrived agent, David A. Thomas, who has just come to take charge of such matters. While J. P. Morgan & Co. have been appointed agents of the British government for the purchase of arms here, it has been thought necessary to send over a British subject to work with them. How much this is due to the outcry of Canadian manufacturers that they have not received their share of the work is not known.

### BOMB THREAT IS MADE ON LIFE OF GOVERNOR OF BAY STATE

BOSTON, July 14.—The Boston Traveler today received an unsigned note declaring that bombs had been placed in the state house and custom house and that the governor was to be killed.

The writer boasted of being a German spy and said Holt also was a German spy and further boasted of fooling the police.

The writer predicted the bombs would explode Friday. He also mentioned the three interned German ships and said they would sail soon.

Federal District Attorney Rogers is investigating. He said: "It may be the work of a crank, but everybody thought the Lusitania warning was a joke."

### AVIATOR HAS CLOSE CALL; PLANE FALLS

SPOKANE, July 14.—Aviator De Lloyd Thompson's biplane was disabled today while he was flying upside down and fell toward the earth. It was righted just in time. It was the narrowest escape Thompson ever had.

### GREEK GOVERNMENT TO START INQUIRY ON TORTURING OF GREEKS

ATHENS, July 14.—The government today directed the Green consuls in all Turkish cities to investigate reports of anti-Greek outrages.

It is reported 30,000 Greeks' homes have been plundered because they refuse to embrace Islamism. At Arnaki and Kynicos Greeks have been tortured.

There is intense indignation here.

### MOVIE STIRS UP VETERAN; OLD REBEL YELL CUT LOOSE

SEATTLE, July 14.—The famous old rebel yell suddenly resounded through a local theater today during a showing of "The Clansman." The spectators were excited.

An aged Confederate veteran, thrilled by the sudden appearance of the Ku Klux Klan, uttered three loud yells.

When he realized what he had done he covered his face with his hat and departed.

### PASSING TRAIN CAUSES DUMP TO COLLAPSE, FOUR HURT

THE INJURED  
John Dreith, 736 Cypress, Santa Ana, broken knee-cap, face cut and scratched, body severely bruised.  
D. E. Preble, 1621 West Fifth, Santa Ana, compound fracture of nose, deep bruise on right thigh.  
Thomas Sarah, Garden Grove, numerous contusions about the head and bruises on his body, severe injury to one knee.  
B. C. Swishelm, 923 Pine, Santa Ana, several bruises and slight cuts.

Four men were injured yesterday afternoon when they fell twenty-five feet into the wreckage of a sugar beet dump, at San Onofre.

The sugar beet dump was being dismantled by a crew of men under Foreman W. H. Trindle of Santa Ana for the Santa Ana Co-operative Sugar Company. The work was partly done when a passing train jarred the weakened structure and caused a part of it to collapse.

Moving the Dump  
The beet dump is being torn down and will be moved to Del Mar. The flooring had all been pulled off, and Dreith, Sarah, Preble and Swishelm were engaged on the descent side of the dump in removing stringers, taking them to the center and shooting them down on to a flat car. The bents were apparently secure, and probably no collapse would have occurred had not the train come along when it did.

Footings Gives Way  
Suddenly the four men on the dump felt their footing give way. In an instant they had fallen, a portion of the dump going out beneath them. Dreith seems to have been injured not only by striking against timbers on the ground but also by other timbers that fell on top of him. Preble was one of those who came down on top of the wreckage, and had none follow him.

"I did not hit anything until I lighted with my right eye and nose against a two-by-four," said Preble.

Preble's nose was cut through to the bone, and the bone was broken. Three stitches were found necessary to close the wound.

Brought to Oceanside  
Sarah was the only one who was rendered unconscious by the fall. However, he soon recovered consciousness.

The four injured men were put aboard a freight engine and were taken to Oceanside, where temporary attention was given to their injuries. They took the afternoon train to Santa Ana, arriving here at 3:40 o'clock, and were taken to the Santa Ana Hospital.

Swishelm's injuries were slight. After his injuries were attended to he was taken to his home. Preble's injuries were such that it was stated he could go to his home today.

Dreith Badly Hurt  
Dreith suffered the most severe injuries. His broken knee-cap will keep him in bed for some time. Stitches were necessary to close a cut on his face.

While Sarah's knee-cap was not broken, he suffered a severe, painful injury to it.

Swishelm was a new man on the job. He had not been working over an hour and a half when he was injured.

Since the Santa Ana Co-operative Sugar Company carries accident insurance for all of its employees, an adjustment for the injuries received by the four men will be up to the insurance company.

### FIVE VASSAR GIRLS SPEND 'VACATIONS' IN N. Y. EAST SIDE

NEW YORK, July 14.—Instead of joining their friends on the seashore or in the mountains these hot July days, five Vassar young women and three from Barnard College are putting in a six-weeks' "vacation" in New York's congested, smelly East Side. The young women volunteered to teach in the vacation schools. Their students are mostly foreign. The young women are Elsie Smith, Georgia Brown, Hazel Mills, Lucy Tillotson and Abbie Tillotson of Vassar, and Bortha Seorer, Kate Krier and Margaret Jackson of Barnard.

THIS IS THE VERY LATEST photograph of J. P. Morgan, head of the largest bank in the world, who was shot by Victor, or Frank, Holt, an instructor in Cornell University, Saturday, July 3. The picture was taken at New London, June 25, the day Yale beat Harvard in the annual boat race. Mr. Morgan and his son, both champions of Harvard, were on their way to the races when the pictures were taken.

### JITNEY BUS JUST FAD, SAYS OLD-TIMER, AS HE QUILTS THE GAME

PASADENA, July 14.—Surrendering his jitney bus license C. W. Home, who has been in the jitney business in Pasadena longer than any other driver, asserted that the jitney bus was only a fad and will soon be a thing of the past.

Home at one time operated five buses and his business was prosperous for several months last year, but he gradually lost ground until he owned only one bus which he drove himself.

### MOB THREATENS LIFE OF CITIZEN WHO NEVER TOOK BATH

PENDLETON, Ore., July 14.—A huge mob gathered today determined to punish a dirty citizen, known as "the great unwashed."

They pursued and captured the offender, placed a rope around his neck, and dragged him through the streets before horrified people who feared a lynching.

The victim was stripped, hurled into a tank, given soap and ordered to publicly wash while the howling mob watched. The man boasted he had not bathed in years.

### SHRINERS TODAY SELECT PLACE FOR MEETING NEXT YEAR

SEATTLE, July 14.—The selection of the new member of the Imperial divan of the Shrine order and the city which will entertain the Forty-second Council meeting in 1916, held the attention of the Shrine Council today at the second session of the annual meeting being held here. The new member of the divan, captain of the outguard, will become Imperial Potentate in eleven years, if nothing intervenes, and the prize is the most eagerly sought in Shrinedom.

St. Louis made a strong bid for the 1916 council, already having raised a fund of \$50,000 for entertainment purposes. The Missouri city Shriners brought a huge balloon with them. It will be released tomorrow at Woodland Park, during an immense barbecue spread for the bands and patrols of the visiting temples.

### THE CITRUS MARKET

NEW YORK, July 14.—Thirteen cars oranges, five lemons sold. Oranges, 150s, lower; 176s 10c to 15c higher. Lemons, unchanged. Averages — Oranges, \$1.72 to \$4.51. Highest—Iris, \$5.20. Weather, fair; temperature, 70 degrees.

### ENGLAND ASKED TO VOTE MORE WAR CREDITS; AMOUNT IS NOT GIVEN

LONDON, July 14.—Premier Asquith today announced that the House of Commons would be asked to vote further war credits. The amount was not named.

### LABOR LEADER SAYS LABOR WILL PROTEST ON WAR

LONDON, July 14.—Ramsey MacDonald, the noted labor leader, was interviewed today. He said:

"British workmen are shedding their blood in the trenches to save the nation. When the conflict ends they will tell the government they want no more wars and that things making war possible must be wiped out."

McDonald scoffed at the possibility of labor fighting conscription.

He said he would oppose conscription verbally, but not with violence.

He said: "Labor realizes that the government must be helped out of its difficulties. This means we must overlook our industrial grievances and postpone strikes until after the war. For the present labor is forced to give in. It is inevitable."

### AMERICA IS DENOUNCED AS DEATH'S WORKSHOP

SAN FRANCISCO, July 14.—Dr. Charles F. Aked, the English-born pastor of the First Congregational church, and Rev. Walter Hauserbusch, professor of church history in Rochester Theological Seminary, of German descent, today wrote a joint protest against America shipping the allies munitions. They called America "Death's Workshop."

The protest said: "Enormous shipments of arms and ammunition have been made by American factories. More enormous shipments have been ordered."

"Our country is becoming the workshop of death."

"Plants built to make locomotives, air-brakes and typewriters have been refitted to manufacture guns and shrapnel."

"This war trade is for profit, not patriotism."

"Thousands of lonely graves tell of American dividends."

"Our government has the power to forbid the exportation of arms. If the nation is silent, it consents to what is done."

"We cannot afford to cry against war, yet we get rich on war. America cannot afford to garnish the outside of the cup with peace congresses while the whole inside of the cup is filled with the red wine of war profits."

### URGES AEROPLANE FLEET FOR UNITED STATES

NEW YORK, July 14.—Orville Wright, the aviator, believes America should maintain a fleet of 2000 aeroplanes in times of peace to form the nucleus of a great war air squadron.

### ENGLAND TO PLACE BAN ON HIGH COAL PRICE

LONDON, July 14.—The House of Commons today considered a bill heavily penalizing coal dealers for increasing prices more than a dollar a ton over last year.

The government has notified the dealers they cannot rapidly advance prices on amount of the war. The action indicates the government's determination to prevent the war causing suffering at home and prevent industrial affairs from impeding the production of munitions.

### TWO GERMAN NAVAL SPIES TO FACE DEATH TRIAL

LONDON, July 14.—It is officially announced today that two German naval spies have been caught and will be secretly tried Friday. Their names are withheld.

### WELSH COAL MINERS TO REMAIN AT WORK

CARDIFF, July 14.—Representatives of the South Wales coal miners today met and discussed the government's threat to forbid a strike. The northern delegates announced they would continue working pending government arbitration.

### FEW PERSONS DIE IN RECENT GERMAN SUBMARINING

AMSTERDAM, July 14.—Berlin dispatches today state that the loss of life as a result of recent submarining is remarkably small. Every precaution is being exercised. Ships are warned and the crews given ample time to launch boats. It is believed

# TO REBUILD DAM ACROSS RIVER BIGGER AND STRONGER

Water Conservation Association Directors Decide to Start Work At Once

Work will be started immediately on a new dam in the Santa Ana river in San Bernardino county, for the purpose of aiding in the spreading of storm waters by the Water Conservation Association, of which Orange county is a member.

A regular meeting of the directors of the Water Conservation Association was held at the office of the Riverside Water Company last Thursday, July 8. Directors Hale, Dierker and Roberts, from Orange county, and Di-

rectors Rickard and Cottle from Riverside county, were present. Directors Cortner of Redlands and Fraser of Riverside were absent. At the request of the directors, Mayor Ford of Riverside was present and took part in the discussion.

After discussion of the advisability of rebuilding the dam across the Santa Ana river for the diversion of flood waters, the directors present unanimously voted to reconstruct the dam on much more substantial lines than the original dam was constructed.

A boom of boulders connected by eye-bolts and these connected with heavy boulders that are already in the bed of the river will be the main feature of the new dam. Upstream from this, a boulder dam will be constructed, this boulder dam to be held in place by a bag made of chains instead of wire, such as was used in the construction of the original dam. Below the boulder boom an apron of boulders or heavy timbers will be constructed to break the fall of water to prevent the undermining of the dam.

The directors were willing to admit that even this dam was something of an experiment, and it will not be known until after the high water of next season whether or not it will stand the strain. One thousand dollars was voted by the directors to be levied immediately to prosecute the work, as all present believed it important to increase the amount of storm water diverted and conserved.

Work will be begun immediately on the new dam.

## HUNTINGTON BEACH

# VISITING DIVINE TELLS A BEACH OF TEBLOR IN IMPERIAL

HUNTINGTON BEACH, July 14.—Rev. E. Scott Weinbrinner of Heber, whose family is spending the summer in Huntington Beach and who is himself taking his vacation here during the camp meeting, was one of many who experienced the earthquake recently in Imperial Valley. The church in which Rev. Weinbrinner preaches was badly damaged, and the school building, the only other place available for holding services, was also damaged too badly to be safely used for the purpose. Therefore services have been discontinued until the necessary repairs can be made.

Rev. Weinbrinner was making a call when the shock came. Everybody went outside of the house as quickly as possible. Members of the family then bought a gasoline stove which had been left burning and went in to look after it only to find that the shock had put out the flames. Pianos in several places were moved four or five feet and the walls of frame buildings were wrenched in most surprising ways.

## PERSONAL AND SOCIAL NEWS NOTES SENT IN FROM HUNTINGTON

HUNTINGTON BEACH, July 14.—Among those who are attending camp meeting from Westquitter are Rev. and Mrs. Waltz, Mr. and Mrs. Harrison Frost, Mr. and Mrs. Lyman Toogood, Mr. and Mrs. Lloyd Edwards, Mr. and Mrs. Geo. Waters, Mr. and Mrs. Francis Penhall, Miss Lois Smithling, W. Brubaker, Reuben Edwards, Clarence Rose, Rose L. Waters and Mr. and Mrs. Harry Penhall.

No services were held at the Wintersburg and Talbert churches Sunday. Many from these places attended the local Methodist Sunday school as well as the camp meeting services which followed. The Sunday school attendance reached 264.

Donald Larter and Miss Florence Larter are attending the exposition at San Francisco.

H. G. Noguchi suffered an automobile accident near Talbert when in passing or attempting to pass another machine going at a moderate rate, he ran into a pocket of sand which turned his machine completely over. He was not seriously hurt but the machine was damaged to the amount of over one hundred dollars.

Dr. F. E. Wilson of this city operated on Samuel Price for cancer of the neck last week. Mr. Price is reported as getting over the operation nicely, which was a complete success.

Henry Harding and family and Misses Mable and Emma Warner have returned from San Diego, where they were in attendance at the exposition. The Misses Minnie and Vida Ross have been spending their vacation with friends in Los Angeles.

The Acacia Rebekah lodge is holding a cooked food sale every Saturday morning at Murphy & Parkers.

Building permits for June totaled \$61,915, the largest in the history of the city.

Trustee D. W. Huston of this city and H. J. Lamb of Halbert were initiated as Elks last week at Santa Ana. W. S. Thompson, Ned Brown and Clyde Irwin saw the fun.

Dr. and Mrs. Roy H. Chapin and Mr. and Mrs. W. C. O'Connor have returned from a motor trip in the San Bernardino mountains known as the "Rim of the World Trip." They took camp equipment and slept under the stars while on the trip.

Mrs. C. C. Smith and children left Monday morning for San Jacinto to join her husband and other members of the family who had preceded her. Mr. Smith will be at the head of the high and grammar schools of San Jacinto next year, to which place he is promoted from his position at Orange.

In honor of little Marjorie Dunn's fifth birthday Mrs. J. F. Dunn of Fifteenth and Olive streets entertained Tuesday with a delightful little party at which Marjorie and Dorothy Dunn were the hostesses. An interesting program of games was arranged and decorations to please the little ones. Kewpies were given as favors with refreshments.

Dr. and Mrs. F. E. Wilson had as guests Monday Mr. and Mrs. W. G. Wilson and daughter, Miss Olive, Miss Alta Shantz, Miss Alma Wilson of Los Angeles, Rev. and Mrs. Sticker of San Dimas, Mrs. Price and daughter, Miss Jean Price, of Payette, Idaho; Miss Mary Wright of Pueblo, Colorado; Miss Gail Shelton of Long Beach. Miss Shelton had been the house guest of Dr. and Mrs. Wilson for some time and has now returned to her home.

A motor party that left recently for San Diego was composed of Mr. and

# WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Resch, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## The First Principle of Good Health

One great medical authority declares that sluggish bowels are the cause of more than half the ills that afflict mankind. A constipated condition quickly affects the liver and other organs, so that indigestion and constipation are soon followed by biliousness, headaches, chronic bad breath and a generally disarranged condition of the system. Foley Cathartic Tablets are an ideal physic, for their action is wholesome and thoroughly cleansing, without griping, nausea or inconvenience. They invigorate and strengthen the bowel action and have a good effect on the stomach and liver.

## SHIFT OFFICES TO GIVE THEM MORE ROOM

Basement of Courthouse Is to  
Be Further Utilized—Signs  
At County Lines

Several offices in the courthouse are to be shifted in a plan adopted yesterday by the Board of Supervisors for further utilization of the basement.

In the shifting ordered, one office will be moved to the Register building. That is the office of County Surveyor J. L. McBride. For about two years his office has been located at the southeast corner of the basement of the courthouse. Under the new arrangement his office will occupy the rooms in the Register building now occupied by Eley & Hawley, architects. Since the rooms were especially designed with a drafting room, it is admirably fitted for a surveyor's office. It also puts the surveyor's office in proximity to the County Highway Commission's offices, which are located in the Register building.

Justice of the Peace Cox is to vacate the room now occupied by his court. The room now used by McBride and the one used by Cox will be cut into one, or, at least, a door cut between them, and this room will be occupied by County Tax Collector J. C. Lamb and his office force. The lack of room in the tax collector's office was one of the main reasons for making the changes. Just at present, for instance, Lamb has a force of deputies at work on tax receipts. He has not room enough to seat them in his office. He is occupying County Assessor Leeper's office room also. By the change, the assessor's office will be given the room it needs during its busy season.

The justice's court will be moved to the southwest corner of the basement to the room in which the offices of the county horticultural commissioner and county forester are now located.

Walls are to be built for a room back of the basement stairway, and into this room the offices of the horticultural commissioner and the forester will be moved.

It is proposed to plaster the hallways of the basement and furnish better light.

These changes were practically decided upon at the meeting of the supervisors yesterday. Plans and specifications for the alterations are to be drawn immediately. By these changes

### To Place Signs

J. C. Metzgar as secretary of the Associated Chambers of Commerce asked the board to put big signs at the crossing of the county boundary line with eight of the principal roads leading into the county, with some wording such as "Orange County—Welcome," on the sign. It was ordered that eight of these signs be constructed. Supervisor Jasper Leck and Purchasing Agent J. S. Perry were appointed a committee to carry out the order.

### Other Matters

T. L. Stark of Santa Ana, M. F. Witt of Fullerton and R. E. Coffman of Anaheim were granted fumigator's licenses.

Miss Justice Whitney, county recorder, was given permission to leave the state for ten days, commencing July 15. Miss Whitney is going to Utah on a trip.

The petition of the David Hewes Realty Company for permission to lay a pipe line across a county road near El Modena was granted.

The horticultural commissioner was granted an allowance of \$25 a month for the use of his automobile.

The annual appropriation of \$300 to the Santa Ana Chamber of Commerce for a county exhibit was made.

## EUGENICS HELD NO 'CURE' FOR CRIMINALITY OF CHILDREN

CLEVELAND, July 14.—"Segregation of the feeble-minded for two generations, not eugenic marriages, will stop the increasing criminal tendencies of juveniles," says Juvenile Judge Addams of this city.

"All but a very small per cent of the children who pass through my court are feeble-minded."

"One family, descendants of feeble-minded grandparents, has produced 132 feeble-minded children in the county and over 50 per cent of these have been convicted of crime."

"In boys' cases, where feeble-mindedness is not too marked, wonders can be worked with a bat, a ball and an open field. Healthful exercises and environment do wonders."

"These children shouldn't merely be locked up. In these cases, jails merely are breeders of crime."

In the half-year that the San Diego exposition has been open many hundreds of residents of Orange county have visited the fair, many of them three or four times.

In the half-year that remains, hundreds upon hundreds more will journey from this county to the scenes of beauty and attractiveness. The betterment of the state highway has made journeys by auto to San Diego easier than they were a few months ago. Within a short time the state highway from Santa Ana to Serra will be completed, and trips to the exposition by automobile will be even more popular with Orange county people than they now are.

The San Diego exposition will continue to draw its hundreds from Orange county.

## ELABORATE PLAN UNDER WAY TO ENTERTAIN G. A. R. MEET

WASHINGTON, July 14.—Elaborate preparations are being worked out here for the accommodation of 70,000 G. A. R. veterans and their friends who will attend the forty-ninth annual encampment of the organization to be held in this city from September 27 to October 2.

A special citizens' sub-committee has been appointed to look out for this one feature, and as a result of the good work that has already been done and is now under way there will be no exorbitant rates charged in either hotels or boarding houses.

It is said at the headquarters that good comfortable rooms will be available for the veterans at anywhere from 50 cents per day up, without meals, so that no one need stay away from the encampment because of high room rent.

In addition to this, \$11,000 was appropriated by Congress, just before adjournment for the erection of public comfort stations and like incidental expenses. This work will be in charge of Major Raymond W. Pullman, superintendent of police of Washington. The Woman's Relief Corps is to be in charge of the information booths and they will be ably assisted by the Boy Scouts.

This forty-ninth encampment will celebrate the fiftieth anniversary of the grand review of the troops at the termination of the Civil war by President Johnson.

In addition to the G. A. R. encampment, conventions are to be held here at the same time by the Daughters of Veterans, Sons of Veterans, Woman's Relief Corps, Ladies of the G. A. R., the Association of Union Prisoners of War, Naval Veterans and other kindred organizations.

The National Defense League will hold a great conference on national defense immediately after the G. A. R. encampment.

## AMATEUR CHAPLIN IS JAILED FOR 30 DAYS

CLEVELAND, July 14.—James K. Hackett (not THE James K.), was arraigned before Municipal Judge McGannon, on a charge of being.

"Are you an actor?" asked the judge.

"I am not a relative of the actor Hackett," answered the prisoner, "but sometimes I do a Charley Chaplin stunt to get a few cents."

"Costs and 30 days," announced the judge, "we need a good entertainer at the prison farm."

## FOUR FACE TRIAL FOR A SLAYING COMMITTED IN YEAR 1868

BEDFORD, Ia., July 14.—The clans are gathered here today for one of the most unique trials in the history of American courts when four men must face charges of murder for a crime committed in 1868.

All are now white haired old men. That a wealthy cattleman and his son were killed and \$90,000 buried on a farm near here became known only when suit was brought by Samuel Anderson, claimant of part of the treasure.

Muttered threats were heard against Anderson here today. He is held responsible for the arrest of Bates Huntsman, Samuel Scrivner, and John and Henry Darnwood, the men to be tried.

The trial was scheduled to open Tuesday morning but was postponed on account of washouts preventing the arrival of state witnesses.

Attorney General Cosson, it is said, intends to inform the court that he will not participate in the prosecution of the men.

Samuel Scrivner was on the verge of collapse today and other defendants have been deeply stirred by the charges brought against them.

Sensational stories have been told of how the four men murdered the cattleman and his son, buried their bodies and then buried the treasure chest where it was recently recovered.

## FREE CURRENT GIVEN COLORADO HOMES

LONGMONT, Colo., July 14.—One 40-watt tungsten lamp, burning free of current from the municipal lighting plant, brightens nearly every porch in this city of 7000 souls.

The residents of Longmont refused the private company's light and burned candles and oil lamps for two months back in 1911 while the municipal plant was building, because the private concern attempted to block the city owning its own plant.

Longmont's experience with municipal ownership has been so markedly successful inquiries are received from all parts of the world. The city's inhabitants are conservative, hard-working and thrifty and went into the business only when goaded into it by unfair treatment and opposition. But once entered upon the task, Longmont pushed the municipal public utility with the same energy that has made the city the greatest sugar beet center in the United States.

## OLIVE MILLING CO. HAS GOOD DIVIDEND

OLIVE, July 14.—At the annual stockholders' meeting of the Olive Milling Company held yesterday afternoon at the company's office at Olive, the financial secretary's report showed a flourishing business for fiscal year ended June 30th.

Many substantial improvements were made, the company having just put down a deep 12-inch well equipped with latest model Duplex pump. This forces through a four-inch main a large stream of water, discharging into a new concrete reservoir holding 120,000 gallons, set on a hilltop. From the reservoir water is distributed to all residences, packing houses, the railroad depot and business houses in the prosperous town of Olive. This water supply will help greatly in future developments.

Three large motors are being installed in the mill proper, drawing from stream to electric power, which should materially reduce operating expenses. The plant is now lighted throughout with electricity and made more modern in many other respects.

The report showed that approximately 5000 tons of flour, cereals and grain had been sold during the year, making a net profit sufficient to warrant two semi-annual dividends of five per cent each on the par value of the stock and carry a snug sum to surplus, which added to the original capital stock gives a working capital of \$105,000.

Nineteen dividends have been paid in cash to stockholders since 1905, amounting to \$35,000.

The following well-known business men were elected officers and directors for the ensuing year: D. C. Pixley, president; R. J. Blee, vice-president; F. A. Blake, secretary; National Bank of Orange, treasurer; P. W. Ehlen and N. T. Edwards, directors.

Dividend checks are now being prepared and will be mailed to stockholders on July 20.

**WOMEN AS COMMERCIAL TRAVELERS**

The last number of the New York Nation prints a letter from London in which it is noted how women are spreading out into new fields of employment. Particular mention is made of their success as traveling salesmen, where they are acquiring a reputation for tact, keenness and economy.

The killing off of Europe's best young men will open wide to women many fields formerly closed. Social changes like this will be felt in this country. If many European women go on the road as commercial travelers, it will encourage more American women to do the same. It is perhaps remarkable that women have not invaded this field more generally.

The selling of goods in retail stores has been largely in the hands of women for many years. In the larger cities they hold many lucrative positions. They may often know more about a business than the owners thereof. Women are great bargainers, and they will fight for what they deem a principle, where men would have a feeling that they lowered their dignity by haggling.

Probably the reason why more women have not gone on the road is that in past years the profession of commercial traveler was somewhat looked down upon. The "drummers" were supposed to be a bunch of sports who spent much time in convivial life. In modern competition it has become very responsible work. A firm takes quite a gamble when it hands over a good territory to a new man. The expenses of his trip and the possibility of losing trade are a large stake, and few moral hazards are taken.

Women as commercial travelers may be a novelty in England, and they are still the exception in this country, but an increasing number of them have been attaining success in this field in the United States for some years back.

**THE VALUE OF SMALL COURTESIES**

A mathematician has figured out that a certain telephone company is losing 125 hours' work a day every day through the time taken by its operators to say "Please."

Yet the efficiency of an employee is not always measured by the capacity to hustle through the most work. There are many people holding fixed positions with public service corporations who become very short and crusty in dealing with the public. Their efficiency is harmed.

There are some men in such positions who are altogether too much inclined to look on their positions as life jobs. They are irritated by foolish questions, and they take it out on the general public. No doubt they are hurried and nervous. If so, they should go into farming or some other occupation requiring less nerve strain. They answer questions in monosyllables as much as possible, and rarely help the perplexed questioner by an intelligent account of the situation.

A man in a position where he stands between the public service corporation and the public can do a great deal of harm. The public may not suffer any great loss in dealing with him. But his attitude makes his corporation seem something unfriendly and hostile. It will prejudice more people than more serious abuses in the way of too high rates.

Many corporations, particularly during recent years, have been emphasizing the value of little courtesies. Every question is answered with the maximum of courtesy and pains are taken to make people comfortable. The public overlooks a great many wrongs when it is attended to in this friendly fashion.

The question with which this article started, as to whether telephone operators should take time for manners and courtesies, has often been raised. Telephone operation is nervous work. Every time an operator can stop for a single word of good manners, she makes the great telephone machine seem more human and friendly.

**THE CRANK MIND**

This country is getting uncomfortably like Russia. There have been several attempts to blow up public and other buildings within a year in the city of New York alone, and similar deeds in many other places. Now comes the nearly fatal attempt to assassinate J. P. Morgan, followed up by the placing of a bomb in the New York police station. What next?

The more or less demented persons who are wandering about the

country, planning some crazy deed of violence, sending threatening letters to prominent public men, are a constant menace to all holding high station. Probably the men at the head of large manufacturing corporations could tell similar tales if they cared to.

After such events, the suggestion is usually made by many people that additional restrictions be placed on the sale of firearms. Probably this should be done, but principally to keep the weapons away from roughs and rowdies. The crank whose mind is red with inflamed passion against some public dignitary or policy can never be prevented in this manner from getting deadly weapons.

Fortunately a diseased mind has little gift for concealment. Its morbid passion demands expression. The cracked brain keeps its own thoughts no more easily than the cracked vessel holds water. Police officers and friends who allow a morbid minded man to roam at large assume a heavy responsibility.

Arguing with men who get these queer mental streaks is apt to be useless, or to do more harm than good. Probably their lack of balance is due primarily to low states of nervous vitality. Putting them on some not over strenuous job at farming or gardening would do them more good than seeking to convert them to sanity. A quiet life in the sunshine, co-operating in the orderly processes of nature, would restore many queer minds to a more normal balance.

**PARIS CELEBRATES THE FALL OF THE BASTILE**

PARIS, July 14.—The principal feature of the Fall of the Bastille celebration came today when ashes of Claude Rouget de Lisle, the composer of "La Marseillaise," were carried from the Arch of Triumph to the Hotel des Invalides between bareheaded ranks of hundreds of thousands of spectators. President Poincaré in a carriage and other notables followed the coffinette.

Moon doesn't aid crops, says expert. How about the moonshine crop?

**THE STATE'S EFFORT TO MEET THE UNEMPLOYMENT PROBLEM**  
[From the Riverside Press.]

As a direct result of the investigation and recommendations of the commission of immigration and housing of California relative to the solution of the problem of unemployment, more than 100,000 persons in California were furnished employment and otherwise assisted during the past winter, according to information contained in the report of the commission to Governor Johnson on the relief of the destitute unemployed.

That crime was reduced in California, at least twenty-five per cent as a result of the city, county and state officials co-operating with and acting up on the suggestions of the commission for the relief of the destitute unemployed, is the testimony of police officials in practically every city and county in California, whose statements are incorporated in the report of the commission to Governor Johnson. And all this was accomplished despite the fact that the number of unemployed in California last winter was the greatest in the history of the state, and industrial conditions were in a deplorable condition.

In December, 1914, the commission after a year of study and investigation, submitted to Governor Johnson a report on the general problem of unemployment, together with recommendations for the relief of the destitute unemployed. The plan was highly commended by Governor Johnson, who requested the commission to undertake the task therein outlined.

Briefly stated, the recommendations of the commission for the relief of the destitute unemployed were that the municipalities and counties of the state should co-operate with the various charitable organizations in providing work for the unemployed; that the work referred to should be of a public character; that provision should be made for registering all unemployed; that all homeless men, convicted as vagrants because they had no means of support, should be given suspended sentences, sent to municipal lodging houses and put to work; that public spirited citizens, various charitable organizations, municipalities and counties should be urged to provide funds for the payment of wages to the men furnished temporary employment.

**Today's Feature Story**  
[By a United Press Staff Correspondent]

WASHINGTON.—The Agricultural Department has been receiving many inquiries in recent weeks from dairy farmers regarding the feasibility of establishing co-operative establishments in their communities for the commercial production of evaporated and condensed milk. Reports from a number of field agents of the department also indicate that unscrupulous promoters are unusually active in endeavoring to establish co-operative condensaries in dairy-farming sections where conditions practically foredoom the projects to failure.

For this reason the department has issued a warning urging farmers contemplating going into such an enterprise to carefully investigate all the requirements that must be met before success can be expected. The fact that a number of such enterprises are now operating successfully has led to many mistaken conclusions, it is declared. The dairy farmer who is dissatisfied with his present market for milk, either from the standpoint of convenience or of price, says the department, should not overlook the wide variation in conditions which are essential to commercial success. The undertaking is frankly classed as hazardous.

First, The plant should be located in a community which is not only thoroughly adapted in every way to a high standard of dairy farming, but is already far advanced in such development. The herds of cows should be large, healthy, well cared for and of a breed or breeds that produce a grade of milk reasonably adapted for condensing purposes and the production of a standard product.

Second, In establishing a vacuum process plant for condensing milk by the vacuum process it is of primary importance that the location provide an abundant steady supply of pure, cold water, independent of the supply required for boiler use. The quantity of water required to condense a given quantity of milk will, of course, vary with the operating conditions, such as for example, as the temperature of condensing water and the temperature (or the pressure) of the vapor to be condensed. A general idea of the importance of water supply can be obtained from the authoritative estimate that about three gallons of water are required for the condensing of one pound of fresh milk (about one pint). Difficulty in obtaining an adequate supply of good, pure, cold water is a cause of serious embarrassment to some of the commercial condensaries now established, and the lack of it has been the cause of many failures.

Third, An abundant supply of pure milk is an absolute necessity. The exact quantity required daily will, of course, vary with the size of the plant. Several reliable authorities have estimated that for the profitable pro-

This plan met with the hearty endorsement and co-operation of city and county officials and charitable organizations throughout the state. As a result more than 100,000 persons were furnished employment which enabled them to care for their families; serious industrial disturbances, which threatened at the beginning of the winter season, were averted and crime was reduced at least twenty-five per cent, despite almost insurmountable obstacles.

Among many letters received by the commission endorsing its work in helping to solve the unemployment problem is one from Chief of Police Corrington of Riverside, who says: "The unemployed program as carried on by your commission is heartily approved by local authorities as beneficial and constructive. Am sure that crime has been reduced twenty-five per cent."

The following reference to Riverside's acceptance of the program of the commission is made in the report of the commission: "In Pasadena the city commissioners accepted the plan proposed by the commission, appropriating money to bear that city's burden. The same generous response was made by Redlands and Riverside, in the latter instance the city and county working together."

In concluding its report, the commission makes the following recommendations for future action:

Immediate steps should be taken by the state for permanent constructive relief work, in which the municipalities and counties are urged to co-operate. Other sections of the country should be convinced that California cannot accept responsibility for support of non-resident objects of charity. Whenever possible, work should be substituted for charity. For such work funds should be provided by general tax levy and not left to private subscription. Less "boosting" and sander advertising by private and semi-private organizations will reduce the influx of the migratory element. Emergency relief work for the unemployed should be planned by state and local governments each year, to be done only in case of emergency and absolute necessity.

duction of a condensed milk on a commercial scale the supply of raw milk to the factory should not fall below 15,000 pounds a day. This estimate is exclusive of the daily supply of milk normally required for other purposes by the community. Furthermore, if the finished product is to be a marketable quality, the milk received at the condensary must be of exceptionally high grade; that is, clean and pure. While first-class milk is essential for the manufacture of a first-class dairy product of any kind, it is absolutely necessary if a condensed milk factory is to be a success. If a few cans of low-grade milk are not detected at the receiving platform of a condensary, the slight defects in the process of condensing it, and the result is practically certain to be the complete loss of the whole batch, which may represent a financial loss of several hundred dollars.

**SHRINERS, ELKS TO FILL TRAINS TO SEE GREAT EXPOSITION**

What railroad officials declare to be the largest special train movement for one group of people in the history of the West, will be handled over the Shasta Route of the Southern Pacific between July 15 and 21.

Twenty-two specials will bring approximately five thousand Shriners, hailing from every corner of the continent, to the Panama-Pacific Exposition at San Francisco.

The first of the Shrine trains to leave Portland, Ore., will depart for California on July 15, bearing Islam Temple of San Francisco. This special will arrive at San Francisco July 17. The other temples will come in trains in the following order: Medina, Chicago; Columbus Shrine, Columbus; Al Malakiah, Los Angeles; Lu Lu Temple, Philadelphia; Kansas City Shrine, Kansas City, Mo.; Yabarab, Atlanta; Almad, St. Louis; Ft. Worth, Ft. Worth, Texas; Almas Bouni, Kismet and Mecca, New York; Aleppo, Boston; Kossair, Louisville; Aca, Richmond, Va.; Syria, Pittsburg; Wichita, Wichita, Kan.; India, Oklahoma; Orak, Hammond, Ind.; Ismailin, Buffalo; Alhambra, Nashville; Damascus, Rochester; El Jebel, Denver, and Alee, Savannah.

Each temple, or shrine, as the case may be, will have its own individual train, except the three New York temples, which will travel together. The trains carry from 150 to 200 Shriners each.

Another heavy train movement will materialize the week of July 20, when the Southern Pacific will bring fifteen special train parties of Elks to the California expositions.

## Doings In Social and Club Circles

### DELIGHTFUL OUTING

#### Visitors at Winters Home are Enjoying Pleasures of the Seaside

Mr. and Mrs. J. B. Winters of 1706 North Bush street are enjoying a visit from eastern relatives and yesterday all joined in a merry outing at Newport Beach and Balboa.

A beautiful picnic lunch at Newport was a feature of the day and in the afternoon the company enjoyed a delightful boat ride on Balboa Bay.

The party included Mr. and Mrs. C. H. Habernicht and daughter, Miss Lucella of Fort Dodge, Iowa; Mr. and Mrs. A. F. Habernicht of Long Beach; Mr. and Mrs. Arnold Kuntz of Sioux City, Iowa; Miss Tracey Weiss of Orange and Mr. and Mrs. J. B. Winters.

The gentlemen of this party spent today on a fishing trip at Long Beach, while the ladies were entertained at a club meeting at the home of Mrs. E. K. Weiss of Orange.

### Noted Minister Here

Dr. Wilam Wasser, L.L. Ph. D., a noted minister of York, Neb., who has taken his degrees in Boston and Europe, arrived Monday for a visit at the home of his brother, J. S. Wasser of 731 Cortimer street.

He was accompanied by his wife and after touring California and attending his exhibitions and stopping at all points of interest, they will return by way of Vancouver and the northern route.

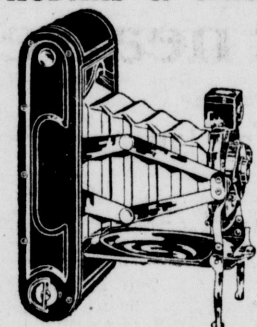

The visitors left this morning for San Diego.

### Invitation From Anaheim

The Santa Ana W. C. T. U. is invited by the Anaheim Union to meet with them in their sixth annual all-day meeting, which will be held on Tuesday, July 20, at the home of their president, Mrs. L. C. Yoeman, at West Anaheim.

A fine program is arranged. The new state president, Mrs. Stella B. Irvine, will be present, and also Mrs. Hattie Doughty of Long Beach. An official board meeting of the county will be held at this meeting to arrange for the quarterly executive meeting, and every one who is interested in this work is invited to attend the meeting.

### PLEASANT RECEPTION

#### Social for New Members Is Highly Enjoyed; Excellent Program Given

The main Sunday school room of the First Presbyterian church, with its attractive new carpet, was prettily decorated with a profusion of pink and white roses last evening when a delightful reception was given in honor of the new members who have united with this church during the past six months.

The affair was given under the auspices of the Ladies' Aid Society and Mrs. E. L. Morrison, president, and her official board composed of Mesdames W. W. Anderson, J. R. Goodwin, W. A. Zimmerman, G. W. Whidden, Baird and W. E. Ward, with Rev. and Mrs. J. A. Stevenson, were members of the reception committee who welcomed all and assisted in seeing that everyone had a good time.

The following excellent program was enjoyed:

Piano solo, Miss Isabel Anderson; reading, Miss Cynthia Shepherd; vocal solo, Miss Irene Jacques; piano selection, Miss Nellie Larson; reading, Mr. Charles Tidball, vocal solo, Miss Louise Montgomery; vocal solo, Mrs. Genrett; solo, Mr. Young of Occidental College.

The new members were then cordially welcomed by Rev. J. A. Stevenson, Mrs. Anderson, president of the Missionary Society and Mrs. E. L. Morrison, president of the Ladies' Aid Society.

The merry "get-acquainted" social closed with the serving of pineapple ice and delicious home-made cake.

### Happy Hours Club

Mrs. Eugene Reif was hostess yesterday afternoon to the members of the Happy Hours Club who assembled at the home of her mother, Mrs. J. E. Tillotson, where the time was pleasantly whiled away with needlework and conversation.

Miss Maude Dennison, Miss Freda Moesser and Mrs. Reif gave several selections that were greatly enjoyed and the social hours were concluded with the serving of ice cream in halves of luscious canteloupes, and macaroons.

Among those joining in these happy hours were Mesdames Walter Sutton, Chas. Graham, Harry Warner; Misses Bertha Belt, Mabel Blodgett, Fay Myers, Freda Moesser and Miss Maud Dennison of Lincoln, Neb.

### PICNIC DINNER

#### Trio of Birthdays of Popular Past Matrons Celebrated in Birch Park

The birthdays of three popular members of the Past Matrons' Association, O. E. S., are marked during the month of July, and yesterday these ladies, Mesdames S. J. Evans, T. A. Winbiger and W. H. Thomas, joined in a merry celebration that will ever be remembered with keenest pleasure by the other Past Matrons who were guests.

The affair was a picnic dinner served at 1:30 o'clock in beautiful Birch Park, where a long table was daintily spread beneath the shade trees. Brown Japanese baskets were filled with crimson geraniums and their foliage and tiny candlesticks, holding twinkling red candles, marked the place of each guest whose "given" name was written backwards.

The sumptuous three-course dinner was greatly enjoyed from the delicious chicken to the refreshing pie à la mode, the feature of the last course being a beautiful white frosted birthday cake, whose tiny red candles brightly proclaimed the combined ages of the hostess, who laughingly forbade a count.

Mrs. P. L. Tople, who genially presided as toastmistress, called upon Mrs. F. L. Norton, who responded with a clever little toast to "Sweet Sixteen." Mrs. Amanda Tolle following with her toast to "Fat and Forty," which, although worded with wit that brought forth much merriment, was of course, quite inapplicable. The fair hostess or their friends who gathered round the birthday table.

In behalf of the Past Matrons' Association, of which the hostesses are general favorites, Mrs. Maude E. Bowes of Hollywood presented a trio of California souvenir spoons which were highly appreciated by the recipients.

A social good time followed the picnic spread, enjoyed by the following ladies: Mesdames George Balderston, W. D. Barker, W. M. Clayton, D. W. Crawford, Cora B. Cavins, Etta Dickenson, C. S. Dunphy, H. S. Gordon, F. L. Norton, U. D. Palmer, M. L. Palmer, W. S. Peck, H. H. Reeves, Max Reinhaus, Chas. E. Radde, P. L. Tople, W. L. Tubbs, Amanda Tolle, Mrs. Maude Bowes of Hollywood and Mesdames S. J. Evans, W. H. Thomas and T. A. Winbiger.

### HANDKERCHIEF SHOWER

#### Miss Emerson Is the Guest of Honor at Pretty Evening Party

One of the enjoyable social affairs of last evening was the handkerchief shower with which Mrs. W. R. Walker entertained in honor of Miss Phoebe Emerson, one of the popular employees of the Rankin Dry Goods Company, who is to wed in the near future.

Mrs. Walker's home at 1066 West Third street was prettily decorated with pink and white roses and the hours were pleasantly whiled away with needlework and merry games. In a clever guessing contest, Miss Emerson was fortunate in winning a box of delicious chocolates.

Dainty refreshments, in which the pink and white color motif was reproduced, were enjoyed, and during this time the winsome honoree was presented with a "parcel post" package which contained an array of lovely handkerchiefs.

The guests included the congenial company of young ladies who are employed at Rankin's, and included Misses Phoebe Emerson, Dorothy Selthorn, Jane White, Theodora Beecher, Margaret Annis, Emily Lyke, Carolyn Miller, Margaret Bowen, Helen West, Ethel Whitaker, Mrs. May Reeves, Mrs. Murphy, Mrs. I. L. Brisendine and her houseguest, Mrs. Glover, of San Diego.

### Enjoyable Banquet

The officers and teachers of the First Baptist Sunday school held their regular monthly meeting and supper Monday evening in the church dining room, covers being laid for thirty-six. The tables were brightly decorated with red geraniums, arranged with sprays of fern, and the following delectable menu was served, under the direction of the chairman, Mrs. G. P. Hill, and her corps of able assistants: Soup, escalloped fish, mashed potatoes, rolls, relishes, strawberry whip, cake and coffee.

Following the delicious meal, the business meeting was held, during which F. W. Taylor gave an excellent report of the Intermediate department. Mrs. H. McPhee resigned as Junior Superintendent and Miss Lucy Hill was elected in her stead. Miss Helen Austin and George Ash were

### AMUSEMENTS

**At the Lyric.** "A modern Enoch Arden," a Broadway feature in three acts, with Adele Lane, Edward Sloman and William Dowlin, is one of the attractive headlines at the Lyric Theater tonight. "The Old Doctor" featuring that prince of character actors, Murdock MacQuarie, in a two-act "Big U" heart-interest drama is also on the program. A Nestor comedy with Lee Moran, entitled "The Downfall of Potts," goes to make up an evening of splendid enjoyment.

**At Princess.** "The Celestial Code" is a splendid two-act detective story wherein valuable government papers are stolen from a safe through a plan established by means of the old Japanese celestial code. A child's kite is daily sent aloft by one of the accomplices residing in the home of the head of the Revolutionary party, with pieces of paper attached, one by one, by means of the line, conveying the message to the Japanese member of the party, who watches at a little distance away. The production is extremely interesting and has a thrilling ending. "The Diamond from the Sky" is full of excitement. The diamond is stolen by the train robbers, and afterward lost by them when they are trying to make their getaway from the posse. At the end it is seemingly being guarded by a deadly serpent.

## BOY PLAYS WITH CALLED BY GRIM REAPER WHILE OUT RIDING

While playing with a .32 caliber revolver yesterday afternoon, Everett Claypool, son of Mr. and Mrs. D. E. Claypool, of North Harwood street, Orange, was seriously hurt when the revolver was discharged, the bullet entering the left leg above the knee and shattering the bone.

The boy, who is five years of age, entered the bathroom and succeeded in getting the revolver from a shelf.

The accident happened at about 4 o'clock. Although the wound is a dangerous one on account of the bone having been broken, young Claypool is not likely to lose his leg unless complications develop.

## WANTS ASSESSMENT ON ROUGH LAND IN CANYON REDUCED

R. W. Poindexter of Los Angeles appeared before the county board of equalization this morning with a request that the assessment on 190 acres of rough hill land in Sequel canyon be reduced. He said the land is assessed at \$250. His statement was that he bought the land from an oil company that had been unable to get anyone to put a well on it. He paid \$4,000, and said he would sell for \$5,000. Assessor Sleeper stated that the land is close to oil wells. The petition was taken under advisement.

Rev. A. L. Dearing of Santa Ana asked for a reduction of the assessment on property in Santa Ana belonging to him. It was declared in reply that the assessment is equitable as shown by comparison with adjoining lands.

The petition of A. Spaulding for setting aside an assessment on property at Harper now used for church purposes was granted.

# CONVICTS EAGER TO BEGIN WORK ON HIGHWAYS FOR STATE

SACRAMENTO, July 13.—The first step is taken towards carrying out the provisions of California's road convict labor law.

A requisition has been presented to the Board of Prison Directors asking that sixty men be selected as the "pioneer crew" to start work in Mendocino county the latter part of August.

The experiment will be watched with interest in California. It has been a success in other states, notably in Colorado, and will undoubtedly work to advantage in California.

Warden J. J. Smith of Folsom prison granted the privilege of interviewing a number of convicts on the road labor law. They all hailed the law as a godsend.

One prisoner sent up for a seven-

year term from Los Angeles for embezzlement impressed with his earnest, straight-from-the-heart statement. He didn't have the appearance of a "tough customer" and when surprise was expressed at seeing such a clean cut sort of a man in prison, he remarked: "It just shows that a man can't hit the booze and high spots and be square with his employer."

It was a hot day, and as he put away his tools and wiped the perspiration from his brow he continued: "I have done wrong, I know, and a seven-year term is a hard job for a man going behind the bars for the first time. I have been here away from my wife and children two years and it seems like ten. I am learning the carpenter trade and work so hard that the time won't seem so long. But, say, it gets monotonous. God, what a blessing it would be if we could get out into the open; to feel that, in paying the penalty for my crime, I would be doing something really worth while for the state instead of building cells to coop up convicts; to get the grim, dreary prison walls out of my sight; to have at least a feeling of freedom. Maybe that'll give you an idea of what the road labor law will mean to the convict."

Another convict, a young man with a large frame and a haggard face, anxiously inquired: "Are they going to put young termers on the roads? I hope they will. I was sent up from Oakland on a fifteen-year term for burglary. They are making a plasterer out of me and it goes pretty tough. I ain't used to that kind of work."

"At night I bunk in a cell with five other men and the air gets pretty bad. It sure would be fine to get up in the mountains and bunk in the open. You bet I would make the most of the chance if it should come my way."

There are several hundred men in the state prisons at least like these.

The place where it is proposed to try out the plan is a pretty spot in the hills of Mendocino county. The route, along the south fork of the Eel river, from Cummings to the Humboldt county line. The stretch is thirty miles in length and is densely covered with foliage. If the pioneer gang makes good other gangs will be put to work. It is planned to have 180 convicts at work on mountain laterals before the end of the year.

# WILSON SUMMER HOME IS SCENE OF NEIGHBORS' FENCE FEUD

WINDSOR, Vt., July 14.—When President Wilson arrived here for his vacation he found himself in the midst of a somewhat acrimonious neighborhood feud. Winston Churchill, the celebrated author, was the storm center, and the President observed strict neutrality.

A high board fence, the cause of so much neighborly contention, was the cause belli of the dispute that agitated the author's colony in the Cornish hills about the President's summer house.

"Mariakenden House," occupied by the President as a summer residence, was formerly the home of Churchill. When it was leased by the President Churchill took another quaint, but large, country house about two miles distant, east of the President's and the Connecticut river. Churchill liked the house, but didn't enjoy proximity of the much traveled road that then ran right past his front stoop, stirring up clouds of dust to be wafted into his rooms and also marring his privacy.

So the author got permission from the county authorities to change the course of the road—at his own expense. He switched the road away around his house, building a sharp turn and macadamizing it. He also dug down and built a costly concrete bridge, with iron rails, across a gully.

After completing the road and bridge, Churchill then proceeded to build a high board fence along it to shut his house off from the road. Then the storm broke. The whole country-side objected. Most of all, it is said, Churchill's own friends raised the loudest roars. They said a high board fence marred the scenic beauty of the exclusive summer residence section.

# KANSANS FIGURE BIG RECEPTION TO OFFICIALS OF STATE

LOS ANGELES, July 14.—Former Kansans living in Southern California, are planning to give Governor Arthur Capper, Lieutenant Governor W. Y. Morgan, D. M. Mulvane, Albert T. Ried, Henry J. Allen, W. P. Inness and their wives a royal reception upon their arrival in Los Angeles, and their sojourn here.

They will be the guests of the Kansans' organization Friday evening, July 30. An informal dinner will be given at Christopher's, at 741 South Broadway, to which all Kansans are invited to attend. Plates will be \$1.25, and reservations must be made in advance. These reservations can be made at Christopher's or at the office of John W. Hunsberger, 1118 Marsh Street, building, Phone F921.

Saturday, July 31, a picnic will be held at Sycamore Grove by former Kansans in honor of the governor, lieutenant-governor and their party. It is hoped this will be the largest gathering of Kansans ever held in Southern California. These arrangements are being made under the direction of H. H. Hunsberger, president of the State Association of Kansans.

Los Angeles Produce Market

Some post-season cherries have been coming into the city lately, and are being sold at 8 and 10 cents a pound. These shipments hail from Longue and represent an unusual feature of this year's cherry season. As a result of increased arrivals of local cantaloupes prices yesterday again suffered a decline in all grades. A few changes were noticed in the green vegetable list, chili dropping down to 12 cents a pound, and bell peppers selling for 11 and 15 cents a pound. Sweet potatoes were less expensive, and quotations current Tuesday were 6 and 6½ cents per pound.

Butter and eggs were firm yesterday, and receipts consisted of 331 cases of eggs, and 28,420 pounds of butter.

## ELKS LINING UP AUTOS FOR BIG CROWD HERE SATURDAY

Elks of Santa Ana Lodge 794 are actively engaged in making preparations for the automobile ride which will be given the visiting delegation on Saturday, Orange County Day.

At least 100 automobiles will meet the visiting Elks at the Orange County Country Club at 1 o'clock, according to present plans. After an inspection of the clubhouse and grounds at the country club the cavalcade of machines will leave at 1:30 o'clock for Santa Ana, where about an hour will be spent at the Elks' Club. At Elks' Hall refreshments will be served.

The route through Orange county will be as follows: Santa Ana, Anaheim, Fullerton, Placentia, Orange, El Modena, Hewes Hill and Lemon Heights.

Efforts are being made to have the special Pacific Electric cars brought to Santa Ana, in order that the delegations may board the cars here instead of having to return to Newport Beach before returning to Los Angeles.

Nothing definite has yet been learned as to the probable size of the delegation, though the committee in charge is preparing to entertain a huge crowd.

Those on the committee are V. V. Tubbs, chairman; George B. Shattuck, H. C. Connell, H. C. Rutherford and Fred A. Ross.

### IN THE JUSTICE COURT

## WILL ASK THAT CONSTABLE BE ARRESTED

Huntington Beach Officer Is  
Accused By the Man He  
Is Prosecuting

"When this case is over with, I shall ask for a warrant for the arrest of Constable Eugene Davis," said Attorney C. E. Cate in Justice Court today. The statement was made during the trial of Ernest Rentz, charged by Constable Davis with battery.

The mix-up between Davis and Rentz occurred at Huntington Beach about three weeks ago. Following it Rentz was taken to the County Hospital for repairs to his face and scalp.

Davis swore to a complaint charging Rentz with battery. According to the testimony given by Davis this morning, Rentz was intoxicated. Davis saw him fumbling around some of the electrical appliances of the beach pier. Davis says he told the man to go home. He repeated his request. Finally he concluded that he would have to lock the man up. He says that Rentz swung at him with his fist, and Davis then brought his gun into play as a club.

When this point in the narrative was reached, Attorney Cate said he was going to ask for Constable Davis' arrest. The section concerning the giving of testimony in the face of possible prosecution was read to Davis. He said he could prove his case with other witnesses, and he therefore concluded not to testify further.

Dan Ross was called. Dan Ross was a witness for the prosecution, but his story was distinctly in favor of the defense and distinctly supporting Attorney Cate's proposal to have Davis arrested.

Ross said that Rentz was sitting on the curb when the constable told him to get up and come along. Rentz did not move.

"Davis pushed his gun and knocked him on the head," said Ross. "He told him to get up, and Rentz would not get up. So Davis knocked him again. We tried to get Rentz to jail. When we got to a vacant lot, he sat down, and Davis knocked him again."

"When you say 'knocked,' asked Cox, 'do you mean that Davis hit Rentz on the head with his revolver?'"

"Yes," said Ross. "Four of us carried Rentz to jail. He was bleeding."

Howard Moffett testified that he saw Davis hit Rentz twice while Ross and C. Catchings were helping him along.

Catchings testified that Davis did not hit Rentz when either he or Ross had hold of him. He said Rentz said: "Davis, I will kill you. I will kill you within six months."

**Case Continued**  
... taking of further evidence in the Bailey trial, in which two men are

accused of having broken a lock off of a cell door at Newport Beach, allowing three to escape, has been postponed to July 20.

**Traffic Troubles**  
Roy Davenport and Roy Ballard, speed cops, have filed complaints for a number of automobile drivers on various charges. Most of the complaints are for speeding. Those accused of speeding are C. S. Howard, E. Clark, F. S. Ray, J. M. Carson, C. W. Sheroon, A. A. Eckstrom, J. M. McLoud and H. W. Shelton, all of Los Angeles; J. J. Hayes, Claire Young and W. H. Spurgeon, Santa Ana; R. R. Slipp, C. Hughes, San Diego; Chas. McKeen, Garden Grove; Ed. Gierlich, Corona; J. S. Brooks, San Jose; U. G. Hayden, Hollywood; E. E. Randall, Santa Monica; H. I. Hansel, Bakersfield; C. W. Johnson, Riverside.

E. E. Randall is chief of police at Santa Monica. He was arrested on Irvine boulevard.

E. A. Just of Long Beach is accused of driving an auto without a license number. O. C. Hare of Westminster is accused of passing an automobile when another was but ninety feet from it.

W. M. Smith of Los Angeles is charged with driving with a muffler open; Raymond Lee, Anaheim, T. L. Roberts, Anaheim, I. Norland, Orange, L. McDonald, Santa Ana, B. F. Dryer, Orange, Vernon Boyce and Peguinto Sanchez, with not having proper lights on vehicles at night.

## COLLAR BONE BROKEN AS WAGON TURNS

A broken collar bone and severe bruises were sustained by E. F. Wickersham of North Prospect avenue, El Modena, yesterday morning when the hay wagon he was driving tipped over.

The accident occurred at the Beswick ranch on the Newport Road, near the Country Club.

## PROBATION NOT GIVEN JOSEPH GRANT, JR.

Judge West Sends Man to the  
County Jail for Term of  
Eleven Months

Eighteen months in the county jail was the sentence given Joseph Grant, Jr., this morning by Judge West, following his denial of a request for probation.

Grant's home is in Los Angeles. For a time he worked in a garage at Newport Beach. He was driving to Los Angeles when he and W. A. Hensley, with whom he had been drinking, had a quarrel that ended in Grant firing four shots at Hensley. Attorney F. C. Drumm of Orange made a hard fight for probation. Grant, who was found guilty of assault with a deadly weapon, could have been sent to the penitentiary. The judge decided in favor of a jail sentence.

## A Word With the Man Who Is Seeking a Ranch

There are three essential considerations that should enter into the location of the ranch you choose. First, it should appeal to you from a standpoint of happiness, where your family is going to be both comfortable and contented; in the second place it should appeal to you from a standpoint of health, and in the third place and more important of all it should appeal to you from a standpoint of dollars and cents in profit.

Do you know any place in California where you can buy land within four miles of a rapidly growing city of 50,000 people that has doubled its population three times within the last fifteen years? Consider the size of this, your home town, think what is the cheapest good land with water you can buy within four miles of here and you will find that it runs in the neighborhood of at least \$500 per acre. Now, if you could buy as good or better land that would raise as much or more to the acre with abundance of water delivered to your land for a total cost of one dollar per acre per year regardless of the amount of water you used, and you could buy that land at \$200 per acre and be reasonably assured of its netting you twenty-five per cent a year, you would be interested, would you not? I have exactly the above to offer, in addition it is within four miles of one of the fastest growing cities of 50,000 people in California, with a street car operating every hour to take you into the heart of this city in twenty minutes time and a fifteen-cent fare. Offering the best of stores, churches, schools, theaters, markets and all city comforts, in one of the most healthy sections of this state. You can practically buy this land upon your own terms. I have some exceptional inducements to offer the first 100 settlers, if you are in the market for good land, it will pay you to see me quick.
